Second Symposium on Aviation Research

Online Workshop – 5th and 6th February 2021

Zoom online platform: Central European Time (CET)

The Symposium on Aviation Research (SoAR) series was recently launched as a forum grounded in the fields of Operations Research and Economics to present and discuss, in a friendly and relaxed atmosphere, cutting-edge academic aviation research.

Program: Two panel sessions are planned

- **5th February**

TIME (CET)	AUTHORS	TOPIC	DISCUSSANT
14:00	Y. Xu , N. Adler, S. Wandelt, X. Sun	Competitive integrated flight schedule design with application to Chinese markets	V. Vaze (Darmouth College)
14:35	J. Costa, A.R. Andrade , S. Kalakou	Public service obligations (PSOs) in air transport: a benchmarking exercise to European PSOs	N. Adler (Hebrew University of Jerusalem)
15:10	Coffee/Tea/Spirit break		
15:30	Y. Wu , A. Lange, B. Mantin	Contracting strategies for price competing firms under uncertainty	B. Zou (University of Illinois Chicago)
16:05	I. Ruiz-Gauna, G. Gangemi , M. Whittome, I. Galarraga	Calculating the total cost per minute of delay in Europe: a different approach	A. Cook (University of Westminster)
16:40	End Day #1		

- **6th February**

TIME (CET)	AUTHORS	TOPIC	DISCUSSANT
14:00	C. Roucolle , M. Urdanoz	Airline scheduling: learning from past errors	R. Flores-Fillol (Universitat Rovira i Virgili)
14:35	I. Mayers, S. Proost , E. Delhaye	Climate ambitions for European aviation: where can biofuels bring us?	G. Martini (Università di Bergamo)
15:10	Coffee/Tea/Spirit break		
15:30	N. Mijovic, M. Renold , J. Kuljanin	Prediction of airline net profit cycles in the context of COVID19 crises	F. Allroggen (MIT)
16:05	A.S. Bergantino, M. Intini	Airports' effects on the environment and consequences for health: evidence from a case study	M. Alderighi (Università Valle d'Aosta)
16:40	Farewell
